

A Message from The Pastor

During Summer season, the pace of life shifts, our activities often change, and our days seem longer. During all that maybe going on I encourage you to find time to practice the Presence of God. Each day we can be aware of the Divine right amid our everyday lives.

In the book Simple Abundance Author Sara Ban Breathnach wrote:

"Has this ever happened to you? You pick up a book and a sentence leaps off the page as if it had been written just for you. Or you hear a revelation in the lyrics of a song. Sometimes an angel seems to whisper in your ear."

It is in theses everyday moments, that God reaches out to us. Through the books we read, the walks we take, the sunsets we watch, the music we listen to, the people we encounter, God speaks to us the ever-important message: "You are loved, and the world needs your love."

May all of us be open to receiving and sharing that love!

Peace,

Pastor Vic
