

## *A Message from The Pastor*

Looking for someone or something to fill the God shaped space in our hearts is a very real journey that we all engage in throughout our lives. We sometimes turn to things we mistake as a place of life; to things, people, or places that seem like the answer. We hope that they may bring us what we desire or need, but we soon discover that they are empty and devoid of what we need.

The Easter story asks us to consider the reality of our Lords resurrection as an answer to all that we seek. The angels at the tomb from the Gospel of Luke ask a bold question, “Why do you look for the living among the dead?”

They offer us the hope that because the tomb is empty, and Jesus has risen there is life; life that can provide the answers to all that we seek.

I pray that in our seeking we will be led to an ever-deeper relationship with God and with each other. I pray that our faith may deepen and our service to one another expand. I pray that gratitude will fill our hearts and motivate our giving for the good of others.

May the blessings of our Risen Lord fill you with life,

*Pastor Vic*
